Please clean the following dispenser parts every day:

- Nozzles
- Diffusers
- Lower Valve Body
- External Surfaces
- Inside/Outside of Drip Pan
- Ice Bin
- Ice Chute

### Tools/Supplies for Cleaning:

- **Lower Valve Body Brush**
  - Part #12701
- **Nozzle Brush**
  - Part #16586
- **Ice Chute Brush**
  - Part #28076
- **Kay-5® Sanitizer**
  - Part #25823

Please see directions on the “Dispenser Cleaning/Sanitizing Procedures” and complete this log at least once per day.

Use only dedicated ice buckets, scoops and scoop holders when handling beverage ice. Clean ice scoop, bucket and holder daily. Store properly. Nothing should be stored in ice bin of drop-in dispensers as this could cause contamination.

Cups, lids and straws must be properly stored and handled to prevent contamination.

For assistance on proper use of the Kay-5® product or to order spare nozzles, diffusers and cleaning supplies, call **1-800-COKE (2653)**. Coca-Cola Customer Service Representatives are available 24/7.
